

About myself.

My name is Vyacheslav Kovalev. I was born on December, 7, 1996 in Bugulma. I'm a student of Kazan State Power Engineering University and so I'm an employee of the "Sibintek" organization. I work as a mechanic CMD and A. My job is consist in measuring device maintenance.

I'm not married and good, because I think that now it's early for me. I'm a children in soul.

In working days I very busy in working day. I get up 6:30 a.m., going wash up face and clean teeth. After that I go on my job. I have a cup of coffee there and I go to work. My working day end in 6:20 p.m. In 7:30 I have dinner and after I relax reading or watching films.
